Scrub-A-Dub Rub—Reducing water used in personal care	28
Scrub-A-Dub Tub—Reducing water used to wash dishes	29
All Bottled Up—Drinking refrigerated water	30
Hold the Salt—Minimizing salt used by water softeners	31
Pure and Simple—Checking water purity	32
No Phos-For-Us—Earth-friendly car washing	33
A No-Rainer—Reducing the amount of water going into the sewer system	34
The Lawn Ranger—Reducing water used for lawns	35
A Natural Lawn—Reducing the use of weed killers and fertilizers	36
A Master Waterer—Reducing water used for gardening	37
Down By The River—Creating a sustainable streamside ecosystem	38
Relating to Nature: Where My Water Comes From—Getting acquainted with your watershed	39
Farther Down the Path: Sustainable Landscaping	40
Step 3: Getting a Charge Out of Saving Energy - Energy Efficiency	
Action Log	43
Energy and You	44
A Bright Idea—Using electricity more effectively	45
Plug Your Electricity Leaks—Turning off appliances—all the way	46
How Green Is Your Computer?—Energy efficient computer use	47
Light of Your Life—Installing energy efficient lighting	48
Wear It Again Sam—Washing and drying clothes efficiently	49
Meet Your Water Heater—Making your water heater more efficient	50
Fridge Physical—Making your refrigerator more efficient	51
Better A Sweater—Turning down the thermostat	52
Furnace Fling—Making your furnace more efficient	53
Putting On Airs—Insulating windows and doors	54
Chill Out—Adding weather stripping and caulking; getting an energy audit	55
Chill In—Cooling your house more efficiently	56

Fans Are Cool—Using fans to cool your home57
What You See Is What You Breathe—Preventing air pollution58
Relating to Nature: An Enlightening Experience—Watching the sunrise59
Farther Down the Path: A Sustainable Energy Household60

Step 4: Ticket to Ride - Transportation Efficiency

Action Log65
Transportation and You66
Getting There on Your Own Steam—Walking and biking to destinations67
Energy x Mass = A Healthier Earth—Using public transportation68
A Good Deed—Combining trips69
R & R: Relax and Ride—Carpooling70
The Road Not Taken—Telecommuting /alternative work schedules71
Drive Earth-Smart—Developing fuel-efficient driving habits72
Don't Be An Oil Drip—Identifying and plugging oil leaks on your vehicle73
Is Your Car Physically Fit?—Tune-ups and maintenance for your car74
Befriend an Earth-Smart Auto—Researching a fuel-efficient vehicle75
Vacation with the Earth—Planning a fuel-efficient vacation76
Relating to Nature: Smell the Flowers—Walking in nature77
Farther Down the Path: Reducing vehicle miles traveled78

Step 5: Good Buys Are Forever - Eco-wise Consuming

Action Log81
Consumption and You82
Vote for the Earth—Buying Earth-friendly products83
Think Before You Buy—Curbing your shopping impulse84
Toxic Sleuth—Reducing toxic products in the home85
A Breath Of Fresh Air—Reducing the air pollution coming from home products86
Home Sweet Home—Buying non-toxic furnishings and building material87
What Goes Around Came Around—Buying recycled paper products88
Vegetable Soup—Buying organic produce89
Near and Dear—Buying local produce and dairy90
Chew On This For Awhile—Increasing meatless meals91
Swap Party—Exchanging items instead of throwing them away92
Loan on Me—Sharing items with neighbors93
